

Risk management report

Risk management has a role to play in minimising the impact of events that can have a detrimental effect on the organization. LTIMindtree achieves this by anchoring risk management in day-to-day decisions across various functions and building a risk aware culture to balance risks and opportunities.

Risks and opportunities are constantly assessed to ensure that the business strategy is aligned to the internal and external environment. LTIMindtree’s robust risk-management framework enables a culture of informed and responsible risk taking through systematic and proactive identification of risks, assessment, treatment, monitoring and reporting. Strong oversight is established for the entire risk management program by the Board and senior management.

ENTERPRISE RISK MANAGEMENT (ERM)

The objective of Enterprise Risk Management is to holistically address the risks to the organization, maintaining business growth and profitability through robust governance and strategies. ERM framework draws a strong Risk Governance structure to shape organization risk management strategy and achieve key business objectives, providing insights on key risks for the organization. This enables risk informed decisions at board and executive management levels. The governance forums at various layers ensures risks are identified, reviewed, and managed across the organization. Chief Risk Officer is the sponsor for Risk Management activities and is assisted by ERM team.

Risk Management Committee (RMC)

Risk Management Committee (RMC) is an Apex body comprising of Board Committee and has focused agenda of oversight on Key Organization Risks. The forum discusses and deliberates on external risks / disruptive trends and its mitigation plans. Emerging risks in context to organization vision in next few years is also discussed. RMC is convened on a quarterly basis.

Audit Committee (AC)

Audit Committee (AC) is a Board Committee with focused agenda on risks and internal controls. AC Meeting is conducted on a quarterly basis.

Risk Operating Committee (ROC)

Risk Operating Committee (ROC) comprises of CXO's and senior leadership. ROC meeting is conducted twice in a quarter, where risks perceived to the organization is discussed and deliberated, including Enterprise level risks, Data Privacy risks, Cyber Security risks, Business Continuity risks, risk emanating from internal audit observations and any other risk as applicable.

Business Unit (BU) ERM Cadence meeting

Business Unit level risks are discussed in the monthly cadence meeting. The meeting is convened by Business Unit Risk Champion and is attended by the Business Unit Head and other Senior Leadership.

ERM framework implements management of risks at various layers of the organization including risks at project level, account level, Business unit level and Enterprise level. Detailed risk management process helps to identify and treat the risks before it surfaces as an issue. The process is enabled through a digital platform that provides an enterprise-wide view of risks, enabling informed decision making.
