

## LTM Introduces SAP Centric AI Powered Platform to Orchestrate Intelligent, Autonomous Enterprise Operations

**Mumbai, India & Orlando, Florida – 11 May, 2026:** [LTM](#), the Business Creativity partner to the world’s largest enterprises, today announced the launch of the LTM Business Orchestration Platform, an AI-powered offering designed to enable enterprises to move from fragmented decision-making to real-time, intelligent operations across SAP and the wider enterprise landscape. LTM BlueVerse™ serves as the marketplace layer for scalable onboarding of SAP-focused agents within the platform.

The SAP-Centric Business Orchestration Platform with SAP-based tools is built on capabilities spanning AI engineering, intelligent decision orchestration, and resilient operations. It brings decision-making and execution together into a single intelligent operating layer. By enabling a shift from reactive processes to autonomous, outcome-driven execution, the platform delivers measurable impact for SAP-driven enterprises, including up to 30 per cent faster AI deployment, 40 per cent fewer manual interventions, and up to 60 per cent faster incident resolution.

“The real value of SAP is unlocked when insights translate into action in real time. The LTM Business Orchestration Platform provides a unified intelligence layer that connects data, decisions and execution, extending SAP’s impact across the enterprise,” said **Krishnan Iyer, Chief Growth Officer, LTM**.
