

LTM Named a Leader in Avasant's Oracle Cloud ERP Services 2026 RadarView™

Recognition highlights LTM's strength in driving Oracle Cloud ERP transformation for global enterprises

Mumbai, India – June 19, 2026: LTM, the Business Creativity partner to the world's largest enterprises, has been recognized as a Leader in Avasant's Oracle Cloud ERP Services 2026 RadarView™, a global assessment of providers delivering Oracle Cloud ERP transformation at scale. The report evaluates firms across key dimensions of practice maturity and future readiness, including end-to-end capabilities spanning advisory, implementation, migration, integration, and managed services.

This recognition highlights LTM's strength in driving enterprise-wide modernization across Oracle Cloud ERP environments, enabling transformation of core functions including finance, procurement, supply chain, HR, and operations. The 'Leader' positioning reflects LTM's ability to deliver scalable, consistent, and outcome-driven transformation across complex global enterprises.

Why LTM Stands Out:

- **End-to-End Expertise:** LTM delivers full lifecycle Oracle Cloud ERP services from advisory to managed services.
- **AI-Enabled Delivery:** LTM embeds automation and intelligence for faster, consistent, high-quality outcomes.
- **Future-Ready Modernization:** LTM enables seamless transition from legacy ERP systems to Oracle Fusion Cloud with lower risk, improved agility, and stronger governance.
- **Managed Services Excellence:** LTM ensure continuous optimization, stability, and post-go-live enhancement.
- **Oracle-Aligned Approach:** Close alignment with Oracle's roadmap to support evolving enterprise needs.

"LTM is aligning to the shift toward AI-led Oracle Cloud ERP services through OraAIX, its agentic execution fabric, and TransisTOR, its data modernization solution for AI-ready Oracle ecosystems. Backed by continued investments in AI-enabled delivery and workforce upskilling, these capabilities position LTM as a Leader in Avasant's Oracle Cloud ERP Services 2026 RadarView," said **Premal Shah, Principal Analyst, Avasant**.

"We are proud to be recognized as a Leader in Avasant's Oracle Cloud ERP Services 2026 RadarView. This reflects our focus on embedding agentic AI, automation, and data-driven intelligence across the Oracle ERP lifecycle to help clients modernize faster and drive measurable outcomes at scale," said **Krishnan Iyer, Chief Growth Officer, LTM**.

Oracle Cloud ERP is a strategic foundation for AI-driven enterprise transformation. LTM enables organizations to simplify ERP complexity and accelerate value realization through structured transformation programs.
